1. Background

Region comprises Region Management Trust, Region Retail Trust (together, Trusts), Region RE Limited (“**Region RE**”) and any entities owned and / or managed, either beneficially or legally, by the Trusts or the Responsible Entity (“**Region**”).

2. Purpose

- (a) All employees, and where applicable on a “by-policy” basis, Non-executive Directors, consultants and contractors (“**Employees**”) are expected to comply with Region’s policies and procedures and to act in the best interest of Region.
- (b) The purpose of the Code of Conduct (“**Code**”) is to provide guidance around these standards and expectations and support Region’s stated values by ensuring that appropriate standards of ethical and legal behaviour are observed and maintained by all Employees.
- (c) This Code is not all-encompassing. It is a reference point for important information and additional, specific HR, operations and compliance-related policies and procedures. Where applicable, reference is made to the more specific policy.
- (d) All policies, procedures and handbooks referred to in this document are available to Employees on the “Our Region” intranet site. Where a policy or procedure is available on Region’s website this is also disclosed.

3. What behaviours are expected of Region Employees?

Region’s Employees are expected to:

- (a) comply with all laws and regulations that apply to Region;
- (b) conduct themselves ethically and responsibly;
- (c) conduct themselves honestly, with high standards of integrity;
- (d) treat colleagues with respect and not engage in bullying, harassment or discrimination;
- (e) role model behaviours in line with Region’s purpose and values; and
- (f) seek advice from an appropriate manager where a colleague’s behaviour is perceived to be in breach of this Code, and report any suspected corrupt, criminal or unethical conduct in accordance with the process set out in Appendix A.

4. Asking Questions, Breach Reporting and Whistleblower Disclosures & Protection

- (a) As a collaborative workplace, we have some understanding of each other’s work-related duties and responsibilities. If we become aware of behaviour that does not accord with the standards of conduct set out in this Code, we may need to provide help or guidance to a colleague. If we require assistance ourselves in understanding what help or guidance may be appropriate in the circumstances, we should never be afraid to ask for assistance.
- (b) All Employees have a duty to promptly report any incidents or potential breaches of this Code, Region’s policies and procedures, or

the law as soon as the breach is observed¹. Employees should also report concerns about potentially inappropriate or excessive risk taking. It may seem easier to look the other way, but this is not the standard of behaviour expected of Region Employees as taking no action can have very serious consequences.

- (c) Employees are eligible to make anonymous or confidential disclosures if there are reasonable grounds to suspect improper conduct. For further details refer to the *Whistleblower Policy & Procedure*.
- (d) An Employee, who, in good faith, seeks advice, raises concerns or reports improper conduct, or a breach or a potential breach is doing the right thing. Region will not accept conduct that results in an Employee fearing or experiencing negative consequences as a result of raising a genuine concern. All issues, concerns, investigations and resolutions will be kept confidential (where appropriate in the circumstances). Anyone who takes detrimental action in reprisal against individuals who report improper conduct or a breach or potential breach may be acting unlawfully and will be subject to disciplinary action up to and including dismissal.
- (e) All Employees have a duty to comply and cooperate fully with any investigation, both internal and external.
- (f) Refer to the *Whistleblower Policy & Procedure* and the *Incident and Breach Reporting Policy and Procedure* for detailed information on raising concerns and

reporting improper conduct, incidents or breaches.

5. Environment, Workplace Health & Safety, Travel, Disaster Recovery & Crisis Management

- (a) Employees are expected to be conscious of the impact of Region’s business and operations on society and the environment. Without limiting in any way the nature of the issues with which Employees must be concerned in the running of the business, consideration should be given to how Region may operate sustainably. Whilst the primary duty remains the duty owed to unitholders as a whole, as a Responsible Entity, Region RE must evaluate the Group’s actions in a broader social context. It is sometimes not enough to simply do what is required legally but also to do “the right thing”.
- (b) For further details on safety and sustainability matters refer to the *Work Health and Safety Policy and Procedure (“WHS Policy and Procedure”)* and the *Sustainability Policy*. The *Sustainability Policy* is available on Region’s website.
- (c) Employees must always report any security issue, crisis, disaster or any other event that could affect business continuity or endanger lives. Refer to *Disaster Recovery Framework (including Disaster Recovery Policy, Business Continuity Procedure & Crisis Management Plan)* for details on reporting procedures.

¹ Employees should refer to Appendix A – Workplace Complaint and Incident Reporting Matrix

- (d) If travelling for business, Employees should review the *Travel and Expense Policy and Procedure* and the *WHS Policy & Procedure* which sets out requirements relating to business and business-related travel, including booking and expenses, travel insurance and restrictions, security and medical emergencies and what to do in the case of emergency.

6. Employees

Region has adopted a suite of policies and procedures to establish the standards that guide how Employees are expected to work, interact with others and manage Region’s business. The HR-related policies and procedures are included in Region’s *Employee Handbook and Human Resources Policies & Procedures (“HR Handbook”)*. Some of the key HR policies are detailed below.

6.1 Discrimination and Harassment Policy

Region has a *Discrimination and Harassment Policy* to provide awareness to Employees around ‘unlawful workplace discrimination’ and ‘harassment’ and how matters around discrimination and harassment are managed by Region. Refer to the *Discrimination and Harassment Policy* in the *HR Handbook* for details.

6.2 Diversity and Inclusion Policy

Region rewards and promotes team members based on assessment of individual performance, capability and potential and is committed to providing opportunities that allow individuals to reach their full potential irrespective of individual background or difference. Refer to the *Diversity and Inclusion Policy*, which is on Region’s website for further details.

6.3 Workplace Bullying Policy

Region’s *Workplace Bullying Policy* provides a definition of “bullying”, sets out the procedures in place to manage workplace complaints relating to bullying and the appropriate contact details for making a complaint in relation to bullying. The *Workplace Bullying Policy* is contained in the *HR Handbook*.

6.4 Drugs and Alcohol Policy

Region is committed to ensuring a safe and healthy workplace for all Employees. The use of drugs and alcohol may impair a person’s ability to perform their job safely and efficiently and the use of such substances may result in the risk of injury or a threat to the well-being of the impaired Employee and other Employees. The expectations of Region in respect of drugs and alcohol are set out in Region’s *Drugs and Alcohol Policy* which is included in Region’s *HR Handbook*.

6.5 Data Protection & IT Use

Region has adopted a *Data Protection & IT Use Policy* to govern the use of Region’s telephone, computer, email and network systems. It is intended that Region’s systems be used primarily for business purposes. Users should be aware that their use of IT systems, including email and internet, is not private or confidential to them. As part of its ongoing and continuous monitoring of IT systems, Region may monitor and view any messages, including personal messages sent or received by a user on its IT systems. Region’s *Data Protection & IT Use Policy* is in the *HR Handbook*.

7. Business Conduct

Region is committed to maintaining high ethical standards, integrity and respect in all of its business relationships. Employees are expected to conduct themselves ethically and responsibly, in accordance

with Region’s stated values and in full compliance with the law. Region believes that all work should be done voluntarily and without slavery, servitude, forced or compulsory labour or the involvement of human trafficking (“**Modern Slavery**”) and takes the risk of modern slavery occurring within our business and in our supply chain seriously.

7.1 Dealing with External Parties

- (a) Region has strong relationships with suppliers, tenants, contactors and other partners. The *Outsourcing Policy and Procedure and Procurement Policy* sets out Region’s expectations and processes when engaging third-party service providers. Region takes the risk of modern slavery occurring within its business and supply chains seriously and views relationships with suppliers as an opportunity to encourage behaviour and practices that are consistent with our own ethical practices. Region requires its contracted suppliers to acknowledge and adhere to its *Supplier Code of Conduct*. The key to dealing with external parties is due diligence, engagement and on-going monitoring processes. Employees are expected to treat external parties in a professional manner and should never engage in unfair, deceptive or misleading practices, nor should a business partner’s confidential information be disclosed or used for personal gain.
- (b) For further details, refer to the *Outsourcing Policy and Procedure, Procurement Policy & Supplier Code of Conduct*.

7.2 Conflicts of Interest

An Employee must disclose any personal or business activity or interest which is, or may become, a conflict of interest, and must also disclose any conflict of interest relating to any business dealing

in accordance with the processes and procedures set out in Region’s *Related Party Transactions and Conflicts of Interest Protocol*. In particular, Employees:

- (a) must act in the best interests of unitholders and, if there is a conflict between the unitholders’ interests and the interests of Region RE for those unitholders, give priority to the relevant unitholders’ interests;
- (b) must not make improper use of their position to gain, directly or indirectly an advantage for themselves or for any person or to cause detriment to unitholders;
- (c) must avoid any conflicts between personal interests (including the interests of any family member) and the interests of Region RE, Region and where relevant, unitholders. This includes avoiding any perceived conflicts of interests; and
- (d) must not take advantage of property, confidential information or position, or opportunity arising from any of these, for personal gain or to compete with Region.

7.3 Privacy

Region and its third-party service providers may collect personal information in order to carry on their respective businesses. For example, property managers may collect information of prospective tenants, registry service providers may collect the personal information of investors and recruiters may collect information from prospective employees. Region does not generally collect individuals’ sensitive information. In limited circumstances, however, sensitive information may be collected if it is necessary to facilitate the dealing with an individual or the individual’s concerns. Region will obtain the individual’s consent prior to collecting their sensitive information. Refer to the *Privacy Policy* for details

on how Region complies with the *Privacy Act 1988 (Cth)*, specifically in relation to the collection, maintenance, storage and use of personal information.

7.5 General financial product advice and personal financial product advice

- (a) Employees who are not authorised by Region to do so must not provide any financial product advice to any investor or potential investor including customers, tenants or potential customers or tenants of Region under the AFSL (whether it’s general financial product advice or personal financial product advice. Refer to Appendix B for details on differentiating between personal advice and general advice).
- (b) For further details on the processes and procedures in place in relation to the provision of financial advice refer to the *AFSL: Providing Advice Policy and Procedure*.

 - (ii) $>$ \$150 but \leq \$500, the gift/benefit must be approved by that Employee's manager or the CEO and the approval and the gift/benefit recorded in Region's Gifts Register; and
 - (iii) $>$ \$500, the Audit, Risk Management & Compliance Committee ("**ARMCC**") Chair's prior approval (which will only be given in exceptional circumstances) must be obtained before the gift/benefit is accepted and that approval and the gift/benefit is recorded in Region's Gifts Register.

- (c) If you are in doubt as to whether a gift or benefit is appropriate you should discuss it with your manager. For further details please refer to the *Related Party Transactions and Conflicts of Interest Protocol*. And the *Fraud, Anti-Bribery & Corruption Policy*.

7.7 Fraud, Anti-Bribery & Corruption

- (a) Region strictly prohibits and does not condone any form of fraud, bribery or corruption. Accordingly, neither Region nor its Employees will provide or receive anything of value specifically with the expectation of receiving a favourable decision or special treatment. This applies to Region's dealings with other businesses and governments (whether local, state, federal or international). Consequently, Employees must not offer, give, authorise, request or receive "bribes", "secret commissions" or "kickbacks" in the form of money, gifts, preference, privilege or anything of value that alters or is intended to alter the behaviour of the recipient.
- (b) Region will not offer facilitation payments. If an Employee receives a request from a third party for a facilitation payment, that Employee must immediately report this to the Compliance Officer or General Counsel. A facilitation payment is any payment (regardless of the amount) made for the purpose of securing or expediting the performance of a government action.
- (c) Prior to making a donation, Employees must consider any implications for Region in
