Principle 1

Lay solid foundations for management and oversight

A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance.

RECOMMENDATION 1.1

A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and
- (b) those matters expressly reserved to the board and those delegated to management.

The primary role of the Board is to represent the interests of security holders by managing delivery of the Group's corporate strategies, policies and performance. The Board has adopted a charter (Board Charter) that establishes and discloses the respective roles and responsibilities of the Board and of Management.

The responsibilities retained by the Board include:

- reviewing strategic direction and approving corporate strategic initiatives;
- reviewing budgets and monitoring financial performance, including approval of major capital expenditure, acquisitions and divestments;
- overseeing the integrity of financial reporting, including external audit;
- appointing and evaluating the performance of the Chief Executive Officer (CEO), Chief Financial Officer (CFO) and the Company Secretary;
- overseeing remuneration and succession planning for all Non-Executive Directors and Executive Key Management Personnel (KMP);
- reviewing and monitoring corporate governance policies and practices;
- overseeing the effectiveness of the risk management system;
- overseeing disclosure of material information;
- approving distributions calculated in accordance with the Trusts' Constitutions;

- considering any social, ethical and environmental impact of operations;
- approving the Group's statement of values and Code of Conduct to underpin the desired culture within the Group; and

The Board Charter sets out the particular responsibilities of the Chair and the process by which Directors can seek independent professional advice.

The Board has established the following standing Committees to assist with carrying out its responsibilities:

- Audit, Risk Management and Compliance Committee;
- Nomination Committee;
- Remuneration Committee; and
- Investment Committee.

Each Committee has its own charter which describes its delegated roles and responsibilities.

The Board has delegated to the CEO the day-to-day management and operation of the Group's business. Under the terms of the Board Charter, the CEO is accountable to the Board for the exercise of the delegated authority and, with the support of senior management, must provide succinct, clear, verifiable and high-quality reports and information to the Board that will enable the Board to effectively discharge its duties.

The Board is committed to the ongoing safety and wellbeing of the Group's stakeholders and undertakes appropriate due diligence to ensure Management is taking all reasonable steps to ensure health and safety at RGN's centres and for all RGN employees. Workplace health, safety and environment (WHSE) is a standing agenda item at each Board meeting. Refer to the Sustainability Report, which is available at <https://regiongroup.au/sustainability/> for details of the Group's activities in respect of WHSE in the Reporting Period.

The qualifications and experience of the Directors of the Board, the number of Board meetings and Committee meetings held and the number of meetings attended by each Director in the Reporting Period are set out in the Directors' Report, starting on page 30 of RGN's FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

The Board Charter and Committee charters are available at <https://regiongroup.au/about-us/corporate-governance/>.

RECOMMENDATION 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

In accordance with the processes and procedures set out in the Group's Nomination Committee Charter, satisfactory confirmation as to any Director-candidate's character, experience, education and qualifications and lack of criminal record or bankruptcy history must be sought. Prior to an appointment, any Director-candidate must confirm that they consider they have adequate time to dedicate to the affairs of the Group.

Prior to the appointment of any employee, independent comprehensive background checks are undertaken including reference checks,

assessment of experience, employment history, education, criminal record and bankruptcy history.

In accordance with Region RE's Constitution, the Board has determined that Mr James and Ms Laughton will stand for re-election at the 2024 Annual General Meeting (AGM). Information about Mr James' and Ms Laughton's re-election will be included in the Notice of Meeting for the Group's 2024 AGM.

RECOMMENDATION 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The terms of the appointment of each Non-Executive Director are set out in an appointment letter between Region RE and the Non-Executive Director. The appointment letters are reviewed regularly to ensure they accurately reflect the roles and responsibilities of each Non-Executive Director and Region RE’s expectations of them.

The Executive Director (CEO) and other Senior Executives have been appointed pursuant to a service agreement, and in the case of the Executive Director, the terms of his service agreement have been disclosed to the market.

RECOMMENDATION 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

Region RE’s Company Secretary is accountable directly to the Board through the Chair on all matters to do with the proper functioning of the Board, and the decision to appoint or remove the Company Secretary rests with the Board. Details of the Board’s delegation of authority to the Company Secretary are set out in the Board Charter.

While the Company Secretary reports directly to the Board, the Board has delegated certain functional reporting obligations to the CEO. Each Director is able to communicate directly with the Company Secretary and the Company Secretary may communicate directly with each Director.

RECOMMENDATION 1.5

A listed entity should:

- (a) have and disclose a diversity policy;
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and
- (c) disclose in relation to each reporting period:
 - (1) The measurable objectives set for that period to achieve gender diversity;
 - (2) the entity’s progress towards achieving those objectives; and
 - (3) either:
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined “senior executive” for these purposes); or

- (B) if the entity is a “relevant employer” under the Workplace Gender Equality Act, the entity’s most recent “Gender Equality Indicators”, as defined in and published under that Act.

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.

The Group’s continued success depends largely on its staff, who must continually meet the high expectations of investors in the changing and competitive finance and property services industries. The Group depends, therefore, on the support of a body of competent, informed and motivated employees.

The Group’s policies and processes support the creation of a working environment which promotes diversity, inclusion and belonging, including our Code of Conduct, Parental Leave Policy and Flexible Work Arrangements Policy.

In 2020, the Group set a 40:40:20 gender diversity measurable objective (40% male, 40% female and 20% any gender) in respect of leadership positions, Non-Executive Directors and total employees to achieve over time. As at 30 June 2024, the Group had achieved each of these measurable objectives.

As at 30 June 2024, the Group’s gender related statistics were as follows:

Female Board Directors ¹	43%
Female Non-Executive Directors ²	50%
Female Executives in Leadership Positions ³	60%
Female Executives in Senior Management ⁴	63%
Female employees	56%

The Remuneration Committee closely monitors diversity and related activities and reports to the Board on the effectiveness of the Group’s diversity-related initiatives.

The Group’s Diversity and Inclusion Policy is available at

<https://regiongroup.au/about-us/corporate-governance/>.

The Group is not a “relevant employer” under the Workplace Gender Equality Act.

1. Percentage of all Board Directors.
 2. Percentage of Non-Executive Board Directors.
 3. Leadership positions means the Chief Legal and Investment Officer/Company Secretary, Head of Human Resources, Chief Financial Officer, Group General Manager - Property and Chief Executive Officer.
 4. Senior Management means the Chief Executive Officer, his direct or functional reports and certain of their reports who have responsibility for an area and/or report regularly to the Board or a Committee of the Board on the performance of that area.

RECOMMENDATION 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

Each year consideration is given to the form of the Board performance evaluation, including whether an external facilitator should be used in the process.

For the Reporting Period, the Nomination Committee recommended that the evaluation of the Board, including the Board's Committees, be conducted by way of confidential questionnaire. The questionnaire included questions on those areas identified for improvement in previous cycles as well as areas appropriate for examination during this Reporting Period.

During this Reporting Period, the results of the performance questionnaires were considered by the Board and the Board Committees, with each Director (Non-Executive and Executive) having completed the Board and Board Committee performance questionnaires.

Individual Director performance was also evaluated during the Reporting Period.

RECOMMENDATION 1.7

A listed entity should:

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Remuneration Committee assessed the performance of the CEO and CFO against agreed formal financial and operational objectives and key performance indicators, in addition to agreed personal objectives for the Reporting Period.

The Remuneration Committee, together with the Board, reported the findings to the CEO.

Principle 2

Structure the board to be effective and add value

The board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

RECOMMENDATION 2.1

The board of a listed entity should:

- (a) have a nomination committee which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director, and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience and independence and diversity to enable it to discharge its duties and responsibilities effectively.

The Board has established a Nomination Committee. During the Reporting Period, the Nomination Committee comprised at least three Non-Executive Directors, all of whom were Independent Directors. The Nomination Committee was chaired by an Independent Director. The responsibilities of the Nomination Committee are set out in a Board-approved Nomination Committee Charter and include making recommendations to the Board in relation to:

- succession planning for the Board and Chair;
- succession planning for the CEO;

- developing and implementing plans for identifying, assessing and enhancing Director competencies;
- ensuring an effective Director induction process is in place;
- appointment and re-election of Directors;
- overseeing the recruitment of new Directors in accordance with the policy and procedure for selection and appointment of new Directors; and
- evaluating the performance of the Board, its Committees and individual Directors against appropriate measures.

The terms of the Nomination Committee Charter delegate authority to the Committee to:

- obtain independent professional advice; and
- obtain information to reasonably fulfil its duties.

The Nomination Committee Charter is available at <https://regiongroup.au/about-us/corporate-governance/>.

The qualifications and experience of the members of the Nomination Committee, the number of meetings held and the number of meetings attended by each Nomination Committee member in the Reporting Period are set out in the Directors' Report, starting on page 30 of RGN's FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

RECOMMENDATION 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

To maximise the effectiveness with which it discharges its responsibilities, the Board ensures that it has an appropriate mix of skills, experience, diversity and expertise. At least annually, the Nomination Committee reviews the composition of the Board and makes recommendations to the Board in respect of the appropriateness of the skills mix of Directors, giving due consideration to the business' strategy and operations. Diversity is also considered; however, in this context, diversity is not limited to gender diversity.

A summary of Region RE's Board Skills Matrix as at 30 June 2024 is set out overleaf. Additional commentary on the skills of Board members is included in the Directors' Report, starting on page 30 of RGN's FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

A listed entity should disclose:

- (a) the names of the directors considered by the board to be independent directors;
- (b) if a director has an interest, position or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and

DIRECTOR'S NAME	EXECUTIVE OR NON-EXECUTIVE	INDEPENDENT	DATE FIRST APPOINTED
Steven Crane	Non-Executive	Independent	13 December 2018

- are free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement.

The Board regularly assesses whether each Non-Executive Director is Independent. Each Non-Executive Director provides the Board with the information necessary for the Board to assess whether they remain an Independent Director under the above criteria. No Non-Executive Director that the Board has determined is an Independent Director has an interest, position, association or relationship ("connection") of the type noted above that has caused the Directors to have to consider their independence in spite of that connection.

RECOMMENDATION 2.4

A majority of the board of a listed entity should be independent directors.

See response to Recommendation 2.3.

RECOMMENDATION 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

The Company Secretary provides new Directors with copies of the Group's Board and Committee charters and the policies and procedures relevant to the role of a Director. A listed entity should provide its security holders with appropriate information and facilities to allow them to exercise their rights as security holders effectively.

RECOMMENDATION 6.1

A listed entity should provide information about itself and its governance to investors via its website.

One of the Group's key communication tools is its website <https://regiongroup.au/>.

The Group endeavours to keep its website up to date, complete and accurate. Important information about the Group can be found in the "About Us", "Investor Centre" and "News & Media" sections.

RECOMMENDATION 6.2

A listed entity should have an investor relations program that facilitates effective two-way communication with investors.

The CEO and CFO regularly engage with investors. The Group's results presentations are webcast, and investors, financial analysts and others are invited to participate in the discussion forum that follows.

The Board, through its Chair, and the Chair of the Remuneration Committee make themselves available to stakeholders and engage with them as required.

The Group is conscious of the large number of retail security holders on its register and has considered their needs in each communication, both in terms of content and the channels used for the dissemination of information. The Board has balanced the communication preferences of some security holders against the cost to the Group of meeting those security holders' preference for personal contact or paper-based communication. Consistent with the Group's sustainability commitment, wherever possible, it will communicate with investors electronically.

RECOMMENDATION 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

Comprising stapled managed investment schemes, the Group is not required to hold an AGM. The Board has determined, however, that the Group will follow the AGM regime specified for companies to the extent reasonably practicable. Details of the 2024 AGM will be included in the Notice of Meeting.

To ensure the AGM is productive and the Board is addressing security holders' concerns, investors are invited to pose a question or comment to the Board, Management or the external auditors in advance of the AGM.

These questions and comments are reviewed, collated and themes identified. The Chair of the Board will endeavour to respond to some of the more common questions and comments at the AGM. The AGM will be webcast and made available on the Group's website.

RECOMMENDATION 6.4

A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

All resolutions put to security holders for consideration at the AGM are decided by way of a poll, rather than by a show of hands.

RECOMMENDATION 6.5

A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

The Group strongly encourages investors to provide contact details that permit us and our registry provider to communicate with them electronically. Communicating electronically with investors is more secure and reliable and also reduces the Group's carbon footprint, assisting us in meeting our sustainability goals. The Group provides email addresses on its website to allow investors and the wider public to contact us electronically.

Apart from making announcements to the ASX, our website remains one of the most important methods we use to keep investors up-to-date. Investors are encouraged to visit it regularly to access the latest news from the Group.

Principle 7

Recognise and manage risk

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

RECOMMENDATION 7.1

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director, and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

The ARMCC oversees risk management. During the Reporting Period, the ARMCC was comprised of at least three Independent members, all of whom were Independent Directors. The ARMCC was chaired by an Independent Director who was not the Chair of the Board. The responsibilities of the ARMCC are set out in the Board-approved ARMCC Charter and, in respect of risk management, include making recommendations to the Board in relation to:

- governance processes and procedures for managing risk, such as the Group's Risk Management Policy, Risk Management Framework and Risk Registers, to ensure the appropriateness and adequacy of the risk management system;
- the Group's insurance arrangements in the context of any insurable business risks; and
- any evaluation arising from any exposure of the Group to fraud, malfeasance or any other significant risk event or breakdown of internal controls, or any allegations of such exposure.

The terms of the ARMCC Charter delegate authority to the Committee to:

- obtain independent professional advice;
- obtain information to reasonably fulfil its duties;
- have access to the Group's records and personnel without Management present; and
- have access to the Group's internal and external auditor, with or without Management present.

The qualifications and experience of the members of the ARMCC, the number of meetings held and the number of meetings attended by each ARMCC member in the Reporting Period are set out in the Directors' Report starting on page 30 of RGN's FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

The ARMCC Charter is available at <https://regiongroup.au/about-us/corporate-governance/>.

RECOMMENDATION 7.2

The board or a committee of the board should:

- (a) review the entity’s risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and
- (b) disclose, in relation to each reporting period, whether such a review has taken place.

The ARMCC is responsible for advising the Board on the adequacy of the Group’s risk management system. In the Reporting Period, the ARMCC reviewed the Group’s Risk Management Framework (Framework), with due regard to the risk appetite set by the Board including any contemporary

and emerging risks, and advised the Board that the Framework was consistent with AS/NZS ISO 31000:2018: Risk Management and that the Group continued to have an approach to risk oversight, management and internal control that was appropriate for the Group’s business.

RECOMMENDATION 7.3

A listed entity should disclose:

- (a) if it has an internal audit function, how the function is structured and what role it performs; or
- (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.

The Group has engaged an external professional internal audit provider to ensure that a systematic, disciplined and objective approach is applied to internal control processes. The internal audit function has direct access to the ARMCC members, and the Internal Audit Plan is developed with Management to ensure it appropriately reflects business value and risks and is approved by the

ARMCC and the Board. The ARMCC reviews the results of internal audits undertaken and any issues raised, and monitors Management’s responsiveness to internal audit findings and recommendations. The ARMCC also reviews the independence, objectivity and performance of the internal audit function.

RECOMMENDATION 7.4

A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.

The Group recognises that its operations can have social and environmental implications for its stakeholders, most significantly with regards to the wellbeing of the communities in which it operates and environmental sustainability. This can be material to investment value. The Group seeks to preserve or enhance security holder value through managing environmental, social and governance risks and leveraging associated opportunities, and takes a practical, measurable and accountable approach, including:

- actively identifying potential environmental, social and governance risks, including climate risk and opportunities in line with the Framework;
- engaging key stakeholders to understand relevant environmental, social and governance issues;
- being transparent with its performance on sustainability, setting and reporting against targets annually. We are on track to align our disclosures with the proposed Australian Sustainability Reporting Standards (ASRS) by FY27, being the first year we expected to be required to report under the standards;
- actions to assess and address operational and supply chain modern slavery risks;
- integrating sustainability into day-to-day operations and culture while continuously improving; and
- community engagement in the localities in which our shopping centres are located.

The ARMCC oversees sustainability. The responsibilities of the ARMCC are set out in the Board-approved ARMCC Charter and, in respect of sustainability include:

- reviewing and assessing the adequacy of the Sustainability Steering Committee Charter annually and approving the document as appropriate;
- monitoring climate considerations including risks and opportunities in line with the risk management framework;
- receiving and reviewing reports from the Group’s Sustainability Steering Committee on the sustainability strategy, and monitoring performance against the sustainability strategy and reviewing the sustainability report and recommending to the Board for approval; and
- monitoring compliance with and reviewing amendments to the Group’s Sustainability Policy.

The Group’s Sustainability Policy and the FY24 Sustainability Report are available at <https://regiongroup.au/sustainability/>.

The Group’s Modern Slavery Statement is available at <https://regiongroup.au/about-us/corporate-governance/>. The Group’s FY24 Modern Slavery Statement will be released after the date of this Corporate Governance Statement.

Principle 8

Remunerate fairly and responsibly

A listed entity should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for security holders and with the entity’s values and risk appetite.

RECOMMENDATION 8.1

The board of a listed entity should:

- (a) have a remuneration committee which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director; and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.

The Board has a Remuneration Committee. In the Reporting Period, the Remuneration Committee was comprised of at least three Non-Executive Directors, all of whom were Independent Directors. The Remuneration Committee was chaired by an Independent Director. The responsibilities of the Remuneration Committee are set out in a Board-approved Remuneration Committee Charter and include making recommendations to the Board in relation to:

- remuneration of Executive Directors and KMP;
- the design of long-term incentive and equity plans, including employee participation in the plans;
- remuneration for Non-Executive Directors;
- succession planning and retention arrangements for senior management (excluding the CEO which the Nomination Committee is responsible for);

- provision of superannuation; and
- review of remuneration by gender.

The terms of the Remuneration Committee Charter delegate authority to the Committee to:

- obtain independent professional advice; and
- obtain information to reasonably fulfil its duties.

The qualifications and experience of the members of the Remuneration Committee, the number of meetings held and the number of meetings attended by each Remuneration Committee member in the Reporting Period are set out in the Directors’ Report, starting on page 30 of RGN’s FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

The Remuneration Committee’s Charter can be found at <https://regiongroup.au/about-us/corporate-governance/>.

RECOMMENDATION 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

In accordance with the terms of the Remuneration Committee Charter, in the Reporting Period the Remuneration Committee reviewed the Group’s overall remuneration approach in order to assess whether remuneration was market competitive and designed to attract, align and retain valuable members of staff.

While details of the Group’s remuneration approach and practices are set out in the Remuneration Report, broadly:

- Non-Executive Directors receive their fees in cash. They receive a fixed amount and do not receive options, bonus payments or other performance

incentives. They are not entitled to retirement benefits (other than superannuation); and

- Executive Directors and other Executive KMP receive both fixed and incentive-based remuneration. Details of remuneration and the approach and practices adopted by the Group in setting the remuneration of Executive Directors and other Executive KMP are outlined in the Remuneration Report, starting on page 43 of RGN’s FY24 Annual Report, which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

RECOMMENDATION 8.3

A listed entity which has an equity-based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and
- (b) disclose that policy or a summary of it.

The Group’s Securities Trading Policy prohibits the use of derivatives in relation to any unvested RGN securities (including unvested rights over RGN securities) or vested RGN securities that are still subject to disposal restrictions. Confirmation of this policy is included in the Remuneration Report, starting on page 43 of RGN’s FY24 Annual Report which is available at <https://regiongroup.au/investor-centre/reports-presentations/>.

The Group’s Securities Trading Policy is available at <https://regiongroup.au/about-us/corporate-governance/>.
