About Region Group

At Region, we are passionate about making life's essentials easy and inspiring, enabling communities to thrive and grow. We began our journey as SCA Property Group, originally formed by Woolworths to manage shopping centres in regional catchments and growing neighbourhoods.

Over the last 13-years, we have been quietly achieving, growing our portfolio of shopping centres to 87 retail properties across Australia. Region's purpose is supporting better communities through life's essentials. The value of our business is more than its physical properties. It lies in the wellbeing of our people, the prosperity of our retailers as we work together to provide the essential needs of our customers.

Our ambition is to do better for the communities we operate in, our people and investors inspired us to think differently.

Our positioning means we are resilient as a business, delivering growth to our investors, customers, and the communities we serve.

Our Portfolio

Region owns and manages 87 convenience-based retail properties valued at \$4,374 million. We also manage 13 properties on behalf of Metro Fund 1 and Metro Fund 2.

Many of our convenience-based retail properties have a strong weighting to food sales, due to grocery-based anchors such as supermarkets.

Region's portfolio benefits from long-term leases to Woolworths Group Limited and Coles Group Limited, which act as an anchor tenant at most properties. Woolworths and Coles are Australia's largest retailers by sales revenue and number of stores.
